Mauricio:

Please fijate de bajar las licencias y si funcionan sin problemas.

Luego te paso una cámara ip que compramos para probar como integrarla a kenos.

Tanto para ingresar a gesell o ruedas de reconocimiento sería interesante con cámaras ip.

Por otro lado el soporte de rstp permitiría el control para monitoreo remoto o publicar la audiencia en otras sala.

Hello,

We have received your order for the TVideoGrabber SDK + RTSP/RTMP/HTTP/ONVIF DirectShow Source Filter + Multipurpose DirectShow encoder.

[Stay notified about new releases](#)

To receive an email notification as soon as new versions are released, please subscribe to our newsletter from this link:
<http://www.datastead.com/newsletter.html>

[Download of the licensed packages and upgrades](#)

You can log in to download the licensed packages from your customer account here:

<http://www.datastead.com/login.html>
e-mail address: abiaggio@juschubut.gov.ar
password: **X3AfeM**

During 2 years, you can download the new versions of the products from this account, as soon as they are released on our web site.

Installation of the licensed packages

The installation of the licensed package consists to install the binaries included in the package (after uninstalling the evaluation binaries, if any).

The install instructions are included in the .txt or .htm documentation of the licensed packages.

Activation of the licensed products

This activation is done by initializing the "LicenseString" property of the component as follows:

E.g.:

VideoGrabber....

VideoGrabber.LicenseString = "136220993583877019-STJPC" // activates the TVideoGrabber component

VideoGrabber.LicenseString = "DTSTDRTSP:161865993803224177382-STJPC" // activates the RTSP filter

VideoGrabber.LicenseString = "DTSTDMPPE:176220523803224177693-STJPC" // activates the Multipurpose filter

VideoGrabber...

VideoGrabber.StartPreview()

(the initialization is required only one time, from any of the TVideoGrabber components used in the app, it is not necessary to set the LicenseString each time TVideoGrabber is ran)

Please contact our support at support@datastead.com in case of problem with the activation of the products.

Support

You can track the new features and bug fixes of next versions from the following URLs:

TVideoGrabber SDK:

http://www.datastead.com/index.php?option=com_content&id=40

RTSP/RTMP/HTTP DirectShow source filter:

http://www.datastead.com/index.php?option=com_content&id=76

Multipurpose DirectShow Encoder

http://www.datastead.com/index.php?option=com_content&id=95

If you have a doubt or if you are facing any problem or bug with this version, feel free to contact our support by email at support@datastead.com, we will do our best to fix it as soon as possible.

New features

Our concern is to provide our customers products that match their needs.

If you are thinking to some extra features that you would like to see included in our products, feel free to let us know what they are at contact@datastead.com, we will evaluate and let you know the feasibility.

Best regards,

Michel Fornengo,
Datastead.

Asunto: Re: RV: Your order - LICENSING and DOWNLOAD INSTRUCTIONS

Estimados,

No hay problema, no comunicar esta licencia a la otra empresa y eliminarla, vamos a generar una nueva licencia. ¿Puede decirme cuál es el nombre de la empresa y la dirección de correo electrónico para modificar la cuenta de usuario?

Att,

Michel Fornengo,
Datastead

Estimados ¡!

Estas Licencias las tiene que usar otra Razón Social.

Como hago para registrarlas a otro nombre o Razón Social ?

Cualquier duda déjamela saber

Muchas Gracias !!
